

# Zenput Labels

## Food Prep Labeling and Expiration Management

Zenput Labels enables restaurant, convenience, and grocery operators to:

Ensure that prepped-food is labeled with correct expiration dates

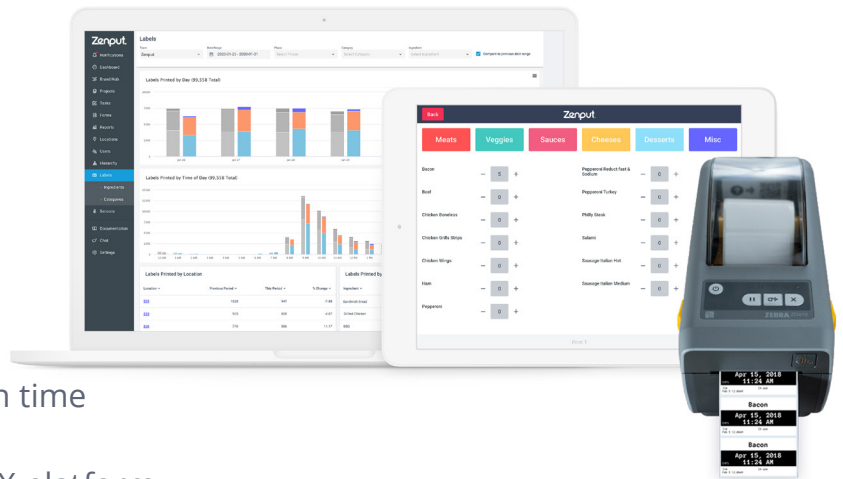

Save employees 30+ minutes per store per day

Confirm that stores are doing prep work correctly and on time

### Capabilities

- ✔ Automatic calculation of expiration dates/times eliminates human error
- ✔ Centralized ingredient catalogue is always up-to-date in every store
- ✔ Real-time reporting shows whether prep-labeling is done correctly and on time
- ✔ An integrated part of the Zenput OpsX platform

Zenput Labels allows us to easily update the product lists across all our stores, the labels are easy to read, and the app is really intuitive. The best part is the labels don't leave residue!
